Figure 1

Table 1: Federal investments in child care face a \$37.5 billion cliff on September 30, 2023

Relief Package	Program Funded	Amount	Deadline for States to liquidate funds
Coronavirus Aid, Relief, and Economic Security (CARES) Act	Child Care and Development Block Grant (CCDBG)	\$3.5 billion	September 30, 2023
Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA)	Child Care and Development Block Grant (CCDBG)	\$10 billion	September 30, 2023
American Rescue Plan Act	Child Care Stabilization Grants	\$24 billion	September 30, 2023
FUNDING CLIFF		\$37.5 billion	
American Rescue Plan Act	Child Care and Development Block Grant (CCDBG)	\$15 billion	September 30, 2024

Table Note: According to HHS instructions for the <u>ACF-696</u> and <u>ACF-696T</u> reporting forms, September 30, 2023, is the standard liquidation deadline for CRRSA supplemental funds and ARPA stabilization grants. However, HHS waiver reports indicate that, as of April 24, 2023, five territories and nearly 200 Indian tribes or tribal organizations had received one-year waivers of these deadlines, effectively extending the liquidation period through September 30, 2024.

Note: From U.S. Senate Committee on Health, Education, Labor & Pensions. (2023, May). *Supporting working families: The need for ongoing support for the nation's child care sector*. <u>The Need for Ongoing Support for the Nation's Child Care Sector REPORT</u> (senate.gov).

Figure 2

According to survey responses from more than 12,000 early childhood educators, when asked what would happen when stabilization ends:

- 43% of child care center directors and 37% of family child care providers say their program will be forced to raise tuition for working parents.
- 27% of child care center directors and 29% of family child care providers say their program will cut wages or be unable to sustain wage/salary increases.
- 22% of child care center directors say their program will lose staff.
- 19% of family child care providers said they will have to serve fewer children

Note: from National Association for the Education of Young Children, "Uncertainty Ahead Means Instability Now", November 2022, available at https://www.naeyc.org/sites/default/files/wysiwyg/user73607/november_2022_naeyc_policy_fieldsurvey_final.pdf. Note, while this survey is not nationally representative, it provides insight into the experiences of child care providers serving communities across the country.
