

training session descriptions

Curious about the difference between our online training options? Here's a helpful guide!

IN-PERSON

In-person trainings held at Childcare Resources or another specified location at a specific date and time.

LIVE VIRTUAL TRAINING

Virtual training with a live instructor at a specific date and time through Childcare Resources' Online Portal.

Learners must log on to the portal prior to and following the live training to complete the pre-test, post-test, and evaluation to receive credit for the course.

Learners must be present for the duration of the training to receive credit. Learners who are driving or attending to other matters while on the Live Virtual Training will not receive a certificate.

TRAINING ON DEMAND (one week)

Self-guided, self-paced online training course through Childcare Resources' Online Portal. The training is available for a specified week, typically Monday through Sunday.

All course work must be completed to receive full credit. Most Training On Demand sessions result in the earning of 2 Clock Hours of training credit.

CANVAS CATALOG

Self-guided, self-paced online training course through Childcare Resources' Canvas Catalog (ccr-bhm.catalog.instructure.com).

Participants can register and attend Canvas Catalog trainings at any time during the course availability dates. Courses are self-guided, and available online for 30 days. All sections of the session must be completed to receive full credit.

See Page 8 for detailed instructions for registration and course availability.
